Frodo is at Bilbo's house and is getting ready for their party. Once the day comes, however, Bilbo leaves on what he tells Frodo will be his last adventure. Fifty years later, Frodo and Gandalf talk about the ring and how the Darkness may want it back.

In my opinion this book is a great way to start the trilogy, but I would recommend you read the Hobbit beforehand. You should definitely read this book if you like myths and adventure. If you are interested in reading this book I recommend you have patience as a good portion of this book is uneventful. If you do not have patience you may not get through the book.
