Horror

Mystery

Nonfiction

Historical fiction

Other:

The protagonist of "A Good Girl's Guide to Murder" by Holly Jackson is a seventeen year old girl named Pippa Fitz-Amobi. For a school project, Pip decides to investigate a case thought to have been solved five years ago. The case is about the disappearance of Andie Bell, who was allegedly murdered by her boyfriend, Sal Singh. The body of Andie was never found which, along with other things, gives Pip reason to believe that Sal didn't commit the crime. Throughout the book, Pip and Sal's younger brother, Ravi, work together to find out what really happened the night that Andie disappeared.

I think that people should read this book because it was a page turner and enjoying to read. It kept me wanting to read more throughout the entire book. It also had recordings of what Pip found out and interviews she held with Sal and Andie's friends/family members which I liked. As Pip discovered more and more about the case, I found myself changing my predictions on what would happen next and what happened to Andie. Also, "A Good Girl's Guide to Murder" is the first book in a trilogy so if you enjoy this book, you can read more! This book is a murder mystery with a slight romance towards the end of it so if you like to read books like that, then you will love "A Good Girl's Guide to Murder" by Holly Jackson.

By Josie M, 8th grade, enjoys reading contemporary, mystery, fantasy, romance, and action/adventure
