"A Good Girl's Guide to Murder" by Holly Jackson is the first book out of three in the trilogy. The main character Pippa Fitz-Amobi takes an interest in a cold case from a few years ago and studies it for school, but it goes way further than just an assignment.

I enjoyed this book very much. It was a page turner and a murder mystery. This book includes emails, interviews/interrogations, and pictures of the case which to me is something that makes me keep reading. I enjoyed reading this book a lot and I think kids my age would too!

For people who like to read books before watching the show/movie, "A Good Girl's Guide to Murder" is coming to the big screen! I recommend this book for people who like thrillers and mysteries. This book isn't only about solving a cold case, there is also some romance on the side. Overall, I rate this book 10 stars.
