Other:

"Surviving Hitler" is a biography told from the perspective of a young boy who lived throughout the Nazi regime in Poland during World War 2. The book tells the story of their struggles, hardships, and how they managed to survive during this difficult time. It offers a first hand account of the atrocities committed by the Nazis and the resilience of the human spirit.

"Surviving Hitler" is a thought provoking book with twists and turns around every corner. This book will have you on the end of your seat, waiting for the next surprise. I think that this book is an excellent choice for anyone with Eastern European/Jewish heritage, like me, or anyone interested in WWII. I think that most readers would enjoy this story, but especially those interested in action/adventure.

By Nate R, 8th grade, enjoys reading action/adventure and nonfiction
