Sometime after Sadie Hunter's younger sister's death, Sadie wants to kill her killer. When Sadie is missing, there is a podcast called The Girls about her disappearance and the attempt to find Sadie. Personally, I really liked the book. I really liked how the book switched between the podcast and Sadie's point of view because it creates many huge cliffhangers that create suspense. The only thing I didn't like was the very, very ending. I wish the book focused a bit more about Sadie's grief for her younger sister, Mattie, then the mission to kill Mattie's murderer. Overall, I really enjoyed the what the book is about, and the plot was interesting.

I would definitely recommend this book to others. Readers who like cliffhangers will like this book. I would say anyone who likes mysteries and thrillers would really enjoy this book.
