Nonfiction

Historical fiction

Other:

The Wednesday Wars is a book that was written by Gary Schmidt. It is about a boy named Holling Hoodhood in seventh grade in 1967, who struggles with both of his family and his English teacher, Mrs. Baker. While struggling, the Vietnam War is happening and is affecting everyone in Holling's life.

I think The Wednesday Wars is an interesting concept with it being both entertaining and have themes that are meaningful. It is also historical being set during the Vietnam War and puts drama between some characters making the book more engaging. I think that people that are in middle school would like to read it as the main character is also a middle schooler. I think that young adults would also read it as they would imagine their past and youth. That is why I think people should read The Wednesday Wars.

By Dat C, 8th grade, enjoys reading fantasy, action/adventure, and nonfiction
