In a world set in the future, an airborne disease has traveled around the world and has put the world into an disaster. Nico travels around the world in search of a mythical portal and Kit tries to find the meaning of this world during the outbreak. Another character that that goes by the name of The Deliverer travels the world to try to mend the world.

This book is very interesting for people who enjoy dystopian novels and of course sci-fi. Also this is absolutely perfect for people who have a sense of adventure and are very interested in the medical field and the spread of diseases. If you have a great sense of imagination that gives you a talent to build a world, you'll be able to experience the absolute perfectness of this writing.
