A 7th grader named Holling Hoodhood stays in an extra class at school as he is not Christian nor Jewish and soon makes a rivalry with one of his teachers, Mrs. Baker. It takes place during the Vietnam War in 1967.

I loved this book. When introduced to this book, I questioned myself, "Why is this guy's name Holling Hoodhood? This is obviously a bad book if the last name of the main character is literally Hoodhood. Then when I started to read more about him, it really showed that this book was actually good. It had a deep plot and each chapter made you want more. If you like books that are relatable and have some funny moments, I would recommend this book.
