The book "it's not summer without you" is a thrilling book about a girl named belly. Belly is not going to the beach house this summer like she does every year. She'll be spending summer with her best friend Taylor, who has always dreamed to have a summer with her. Although Taylor is really looking forward to this belly is not, and she really just wants to go back to cousins. Conrad ends up going missing in her and Jeremiah ended up having to find him and get him back to college in time for his finals. Who will Belly end up with this summer Conrad or Jeremiah?

This book was fun to read in very entertaining. It does not take long to finish and it always makes you want to read more. When I finish the book all I could think about is when I was gonna read the next. It is filled with romance and humor, which really brings it to life. Reading it was fun and I never knew what was coming next, which was very enjoyable. Belly also ended up with a boy I wanted her too, so all worked out the end and I definitely recommend this book to anyone who enjoys romance!
