Kill Joy, by Holly Jackson acts as a sort of prologue to A Good Girl's Guide to Murder. Pip and her friends are invited to a dinner party in the Roaring Twenties style where they all play suspects in a murder mystery. I think people should read this because its lighthearted compared to Jackson's other books. The main series is very dark and psycholgocial in the plot. Kill Joy is a lighter version of the plot, but still has some psycholgocial elements in it. It also explains how Pip became intruiged with murder mystery. The type of person who would enjoy reading this is people who are just getting into murder mystery. Some of those books are extremely deep and psycholgocial. They make you think not just about who the killer is, but things we all do. Kill Joy is a good book to warm a new reader up for murder mysteries.

By Nicholas W, 8th grade, enjoys reading mystery
