Mystery

Nonfiction

Historical fiction

Other: Paranormal

Call Me Iggy revolves around a boy named Ignacio Garcia, or as many people in the book call him, Iggy. Iggy faces many challenges in his everyday life, such as his academic life, as well as his social life. Everything seems to be going quite poorly for Iggy, until he makes a discovery which leads to him awakening the ghost of his dead grandfather. Iggy's grandfather will help Iggy with his troubles, like teaching him Spanish, and assisting him with scoring a potential girlfriend. However, Iggy awakening his dead grandfather will soon introduce a whole new perspective for him.

In my opinion, Call Me Iggy is a very fun book to read! It's full of humorous moments, but there's also parts that seem to make you think deeply about what had happened in the book. The book deals with a lot of themes that I think a lot of people can relate to, such as family heritage, relationships, and even political challenges. Because of all of these relatable themes, I think anyone could enjoy this book, regardless of what genre(s) they like.
