Hit Count by Chris Lynch is about a high school football player named Arlo Brodie. He's really good at football and loves playing hard on the field, but the story shows how dangerous the game can be, especially when it comes to getting hit in the head over and over. The book shows Arlo joining the varsity team and feeling pushed by his coaches, friends, and himself to play hard, even when he knows he might get hurt.

I think other people should read this book because it's not just about football, it's about making hard choices and dealing with the pressure to fit in. Even if you don't play football, you'll get pulled into Arlo's story and start to wonder what you would do in his place. It's exciting, real, and makes you see the game in a different way.
