The theme of *We're Not Safe Here* revolves around a group of kids that moves to a new town. However, it soon turns out that their new home is not safe at all. While noticing weird things happening the kids choose between who they can trust not getting involved in any trouble. *We're Not Safe Here* is a great book with good twists.

I'd rate the book 7 out of 10 because I found it very entertaining but some sections seemed a little bit boring. My reason for that is that there were many unexpected developments. Besides, the author managed to create good tension throughout the whole book, leaving me intrigued to see how the story would end up. The characters, which who were teenagers, felt realistic as well.

I recommend *We're Not Safe Here* to people who enjoy a thrilling read combined with mysteries and puzzles. Also, it will appeal to middle-school students who like a little bit of horror in novels they read. However, the book is kind of slow in its development, which made it a little boring to me.
