If Looks Could Kill is set in 1888 and follows two teenage volunteers, Tabitha and Pearl, in New York City. While trying to rescue a girl in danger, they cross paths with a dangerous criminal and mythical creature named Medusa. The story becomes a thrilling chase as history and mythology collide in the city streets.

I think this book is great it combines historical mystery with Greek mythology in a very unique way. The best part is the gritty atmosphere and the main character's brave personality. It is a highly recommended creative story that would keep you interested the whole time.

Anyone who enjoys reading history, myths, or suspenseful mysteries should read this book. It is perfect for readers who enjoy unique and strong female characters. Especially if you enjoy or looking for a historical thriller that i completely different from anything out there.
