The book the nazi conspiracy theory was really good. The book mostly talks about the holocaust and world war 2. The Nazi Conspiracy is a book about a secret Nazi plan during World War II. The Nazis wanted to assassinate three important leaders: Roosevelt, Churchill, and Stalin. The book explains how spies found out about the plan and tried to stop it. It talks about real events and shows how dangerous the situation was.

I thought it was interesting and i think people who are in to history should read it. It explains a lot and shows a sense of mystery
