Fantasy

Romance

Horror

Mystery

Nonfiction

Historical fiction

Other: Manga

Witch Hat Atelier written and illustrated by Kamome Shirahama, is a adventure and fantasy manga centered around a girl named Coco. Coco lives in a world that is blessed by magic and the only people able to wield it are called witches. However, despite this truth Coco is still enraptured by magic and its beauty and wishes to be a witch. After spying on a witch casting a spell, she soon learns that magic can be learned by anyone. Soon after doing so, she finds spells similar to the one's the witch was drawing and copies them, resulting in the imprisonment of her mother in magic. Coco sets out on a journey with the witch to gain enough experience as a witch to save her mother.

Witch Hat Atelier is a beautifully written story with even more beautiful illustrations. Watching characters so young overcome trials much greater than themselves is always such a great read in my opinion. This manga is definitely geared more towards older teens but you may still enjoy it even as someone younger. This is because Kamome Shirahama explores darker themes such as human mutilation, death, moral ambiguity and etc. However, if you are an older teen (maybe even an adult) I would absolutely recommend this manga to you.

By Gavin B, 9th grade, enjoys reading romance & action/adventure
