- [x] Action/adventure
- [ ] Science Fiction
- [x] Fantasy
- [ ] Romance
- [ ] Horror
- [ ] Mystery
- [ ] Nonfiction
- [ ] Historical fiction
- [x] Other: Graphic Novel

Teen Titans: Starfire by Kami Garcia is about a girl named Kori Anders who works at a beach club with her sister Kira. Kori has trouble fitting in and has a different personality than her sister. After joining a medical study, Kori starts discovering new powers and learns that there is more going on than she thought.
I think this book is cool because it has action and mystery. I like how Kori and her sister have different personalities because it makes the story more cool. The artwork also makes it easier to understand what is happening.

I would recommend this book to people who like superheroes and action. I think DC fans would enjoy it because it shows a different side of DC. I think it is a good book for someone who wants a good story that also has drama.
